The We Never Left but We're Back Newsletter for September 2025

It's been a while since we did a newsletter. Marketing professionals would tell you the time between this and the last one was way too long.

We would argue that time is accelerating and I'm having trouble keeping up.

In the meantime, a lot has happened.

We hope you didn't miss it, but Psychic Guardian Angel Books 7 through 10 have been released. They are:

The Dead Are Not Reluctant

Never Done Dying

Partners in Death

Uncontrolled Variables

(Did we mention this book contains the nightmares that started it all?)

There are more adventures coming!

As we've said before, even though all of this started with a nightmare, this is all a dream come true.

Stay hopeful. Stay curious. Keep reading.

Free Reading!

We are featuring Author Friends who write paranormal too. We have free downloads for you to read. Check

them out. You know you want to get hooked on another series.

Introducing Paty Jager and Shandra Higheagle

My exclusive paranormal mystery giveaway this month is from author Paty Jager. *Double Duplicity* is book one in the Shandra Higheagle Mystery series.

On the eve of the biggest art event at Huckleberry Mountain Resort, potter Shandra Higheagle finds herself in the middle of a murder investigation. When her deceased Nez Perce grandmother visits her dreams, Shandra must acknowledge that her grandmother has come to help clear her of murder.

A Free Prequal

We are introducing you to some of our friends. For the next five months, we will be posting the link to a free download by one of our friends who write in the paranormal world.

We want to share in the fun, so we are also giving away a download.

To properly know the character of Jacob Daniels, we went back to when Daniels was five and started documenting his adventures. These are chapters that happened early in his life, prior to *First Casualty*, the first book in the series, and are collected in *Omens and Casualties*. We want you to know all that we know about Jacob Daniels and the paranormal universe he inhabits.

Download the prequel here:

Our buddy has a name.

Selecting a name should have been easy. It was how we always referred to him. It is also our father's nickname.

Say hello to Bud.

Thank you to all who submitted suggestions. They were great. We will make it up to you somehow.

Bud is getting his own story, but it might be a while. So have the patience of a T-Rex. Or not. We don't know how patient they were.

Coming Soon!

A New Series – the Psychic Sidekick

John Thompson, sidekick of the Psychic Guardian Angel, wants to share some of their adventures from his perspective. Don't worry. Daniels won't be far away.

More information, like the release date, will follow soon.

That's not entirely true. I love writing, work hard, practice what I preach and love to share.

We have helped form **Wordwhipper Press**.

It is a small press dedicated to serving the reading and writing communities by promoting unique writers and their stories. WWP's imprint Mayhem Books released **In Too Deep**, by C. N. Buchholz and A. W. Powers, in 2024 and is planning more titles for later this year.

More information will follow on subsequent newsletters. In the meantime, you can learn more at:
